

# Singularity in Corporate Direction

**Implicate Intersection: Preexistence coming into existence; reveal the implicate not yet explicate, the regenerating pattern at nodes in existence where potential is seeking manifestation.**

**Corporate Direction/ Corporate Vocation.** Our work to do at the center that provides unerring focus and reference

## **Essence:**

Quality which constitutes or marks the true nature or distinctive characteristics that identifies or makes something what it is

If you took everything away, you could not take this away and still have it be what it is.

The permanent vs the accidental or socialized aspect of being; the real nature of a thing vs its existence

Arises at birth of entity

## **Global Imperatives:**

The working of Life in the evolving universe

The non-negotiable factors that enable vitality and viability of Planetary and Societal Systems and Processes.

Understanding the integral role humans play in ensuring evolution of healthy ecologies and social systems
