

CAD
Fishbowl

APRIL 12, 2024

Reminder: Proprietary Materials- Handout

CAD materials are copyrighted or trademarked; meaning they are proprietary. Attending authorizes you to use materials and concepts **for your own personal development, not beyond.**

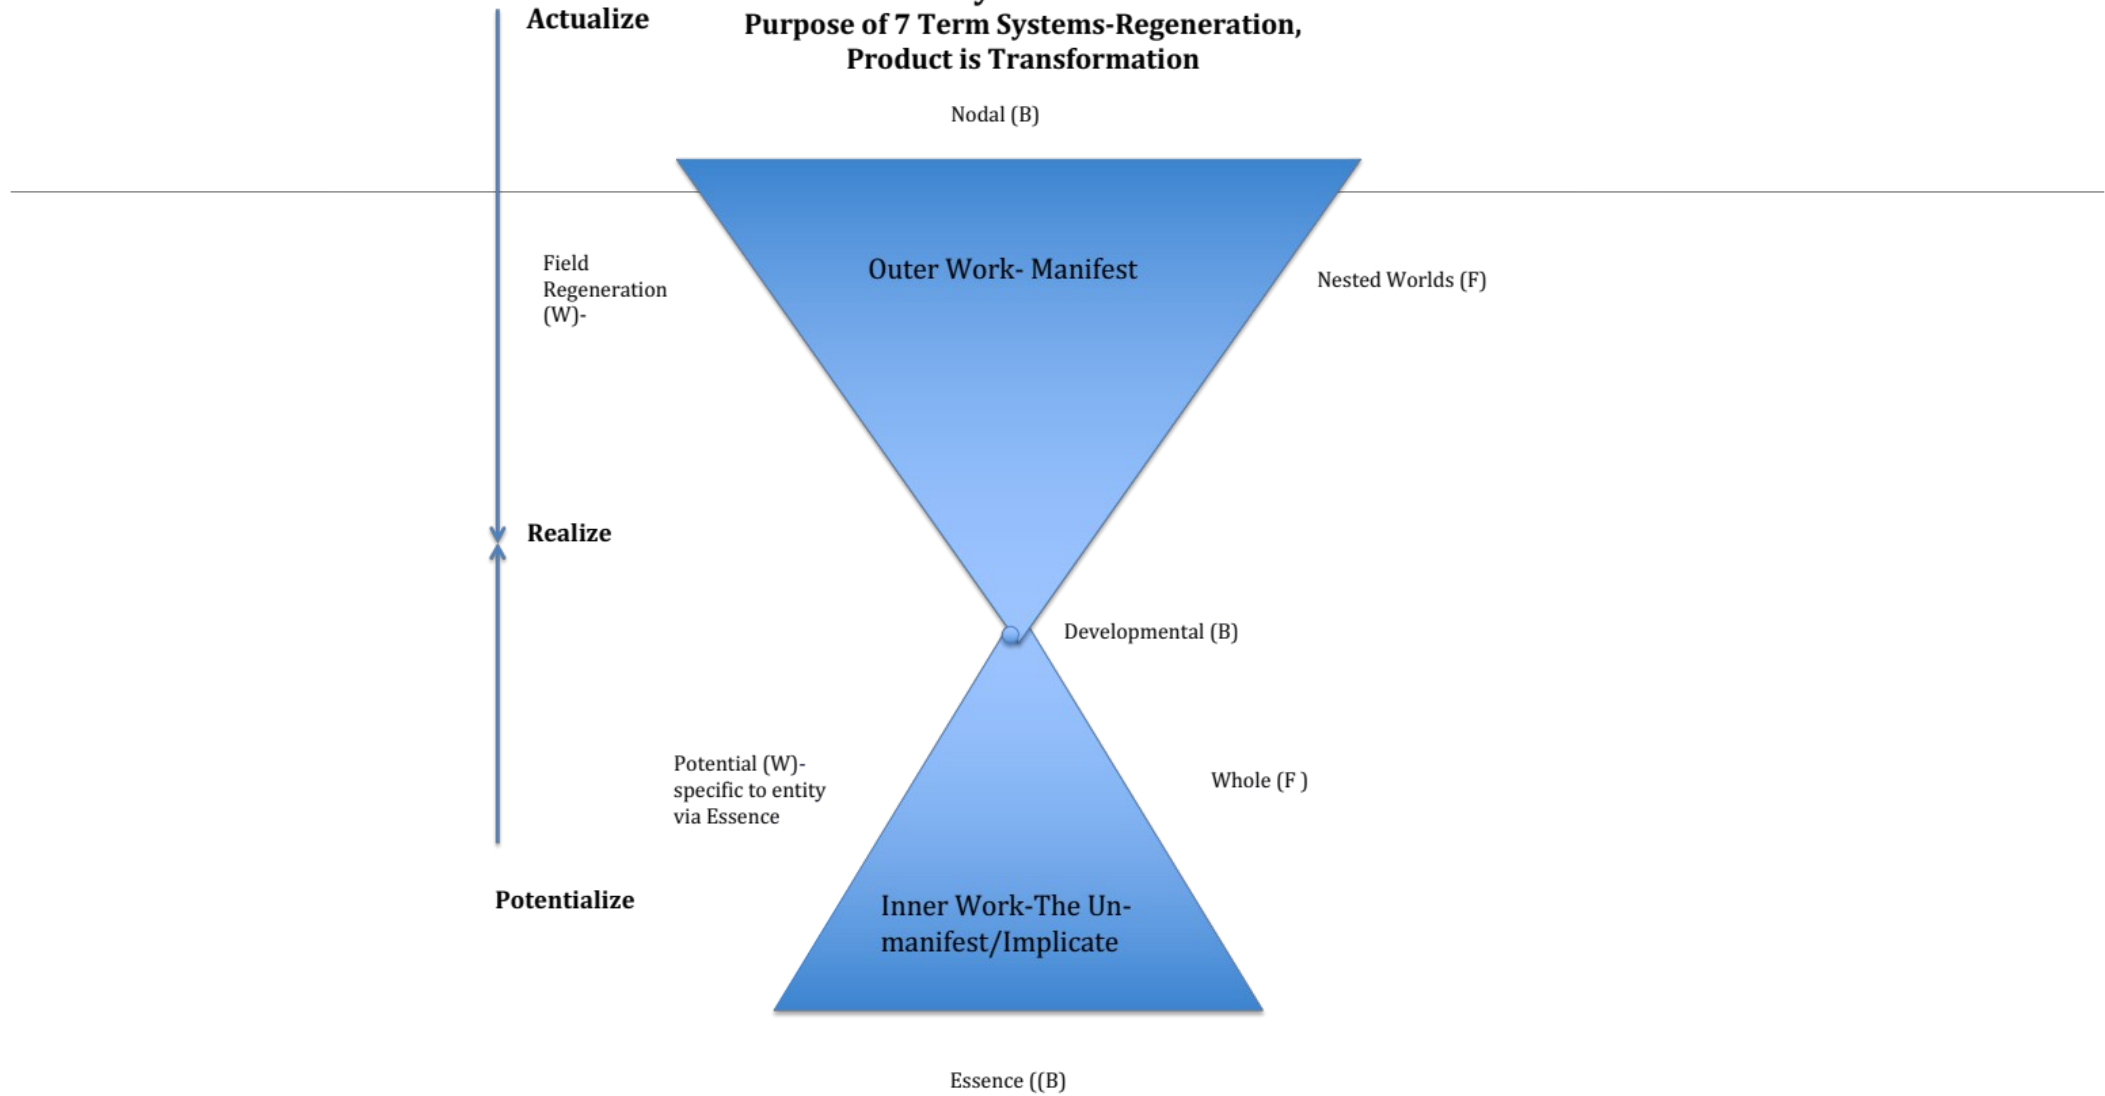

Attendance **does not Licensed or authorize teaching** material or concepts outside your organization, or publishing in any form; you are specifically asked to refrain from doing so without Permission. Not a “train the trainers.” No language translations approved with permission. Speak to us about licensing.

Reason: The epistemology, cosmology, and ontology are core to using the materials and processes or they mechanically revert to habit or mind, being and doing. A Field is required for the technology to work.

Project—Lara D.- Launch Venture Developmentally-

The project is an alternative to B Corp for land based companies and is based on continuous development and supporting each other's progress vs. scoring. Working Regeneratively!

Working of Seven First Principles of Living Systems

Charter for An Endeavor: 7 First (Regenerative) Premises and Principles—Iroquois Long House Tenets

The “Long House,” characteristic lodging of the Iroquois, also described their union in which each Iroquois nation remained sovereignty under a common ‘roof’ which sheltered them all.

whole: What is Whole that membership if organized around and how is to be specified”
How is the entity guided.

Essence: What the Central organizing concept of each member

Potential - specific to this entities’ Essence

Development-aims, methods/means of development

Nested - greater whole acknowledges

Nodal - Living Systems Thinking

Fields - attractor field that is being build

Project—Lara D.- Launch Venture Developmentally-

The endeavor is a Regenerative operating a community for place-sourced businesses intending to promote evolutionary growth while & by, fostering development of all member and greater whole outcomes and effects.

Project—Lara D.- Launch Venture Developmentally- 7 First Principles

1. Business/ Organization is serving a Whole in a VAP
2. Essence of its org's work and Essence of Whole served in a VAP
3. Potential of Whole not yet realized, it seeks to realized in that Essence
4. Developmental - Aim to development beings as a foundation. Charter. e.g. always use personal frameworks for inner and outer development
5. Nested - See nestedness of VAP
6. Nodal - What are pursuits that are key to the above
7. Field - how keep the field regenerating. Rituals

Fishbowl with Sarah D- Nodal

1. Everything we do in Institute/**CAD is Nodal thinking**. Not models, templates, fragments . There is no doing NODAL. Not a procedure
2. It means working with **whole(S)**, seeing the **unique specific entity** or process, and seeing it for **the potential it has to contribute in** a systems, and working to develop it. Seeing it as nested
3. It means move **from symptoms**, shallowness and fragmented **to core** to- acupuncture. With observing of energy drains, being state as do.
4. Uses a living framework, so people think for themselves. Live in the Moment. Living process . another name is Living Systems Thinking. Framework Thinking, from 1- 9 term systems. Each more nodal

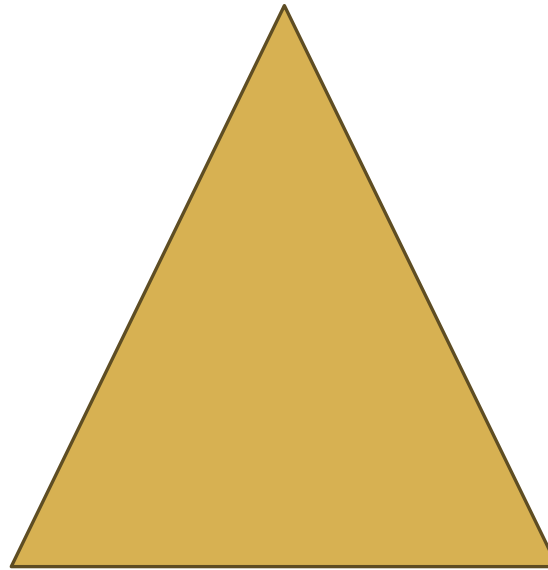

Nodaling a Subject

Opposites

Complementary

Fishbowl with Sarah D- Nodal

Personal Agency: System
Receptivity to follow its lead
and way of working without
projection

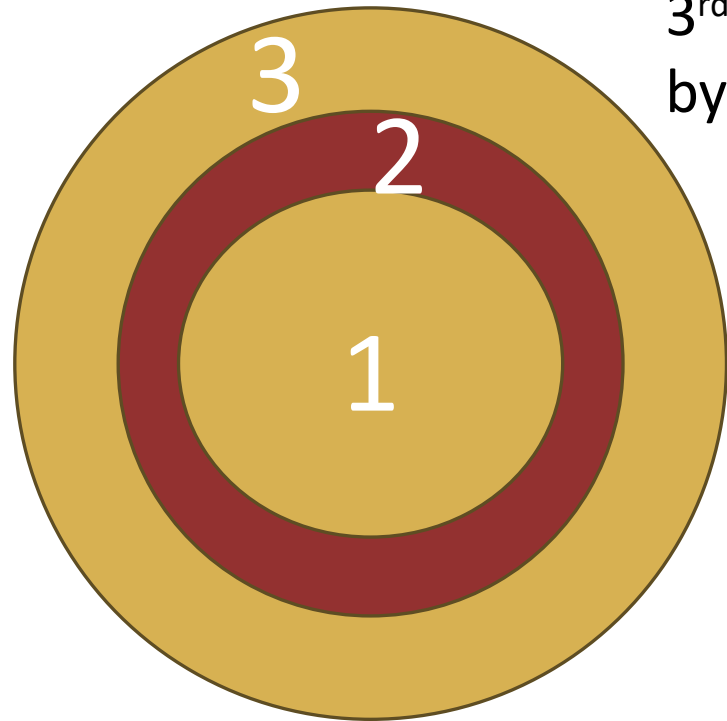

Working developmentally;
Framework thinking - e.g 3 Lines of
Work (Gurdjieff), Task Cycle, Tetrad,
Pentad

Observing of Inner Self - modes of
behavior, energy drains, energies

Sarah's Question

How to design a developmental experience for a group of clients that gives the experience of uncovering their nodal impact in the nested systems they operate in?

3rd Line - specific work for an effect sought by a system

2nd Line - development of others in the systems in our shared work

1st Line - Work on self (group) to develop and do our work/our role in the system

Next Meeting: Session

MAY 31, 2024

1 PM – 3:00 PM Pacific
